

## CAPACIDAD DE FUENTES DE ALIMENTACIÓN ICONLED

Módulos por fuente (calculados en el 80% de la capacidad real de cada fuente de alimentación)

| MODELO DE LED          | Máximo módulos por rama | FUENTES IP67 |          |          |          |          |          | FUENTES IP20 |          |          |          |
|------------------------|-------------------------|--------------|----------|----------|----------|----------|----------|--------------|----------|----------|----------|
